

# The Process

Your home is not simply made of bricks and mortar, but a place where you spend time almost everyday. It plays a crucial role in your emotional and physical well-being and should be a sanctuary in which all important daily activities can take place; e.g. eating, cooking, sleeping, entertaining, bathing and perhaps even working.

A home is also one of the most important and largest financial investments one can make. Therefore, it is important that you're comfortable and happy in your chosen living environment whilst, at the same time, ensuring that it is a desirable investment to others should you wish to move on.

The Design Fairy offers a personal, affordable and comprehensive Interior Design service, saving both time and money, to help you achieve your goals to create the perfect home.

## 1. Choosing a package

- Choose and purchase the package which you feel would best suit you.

## 2. The welcome pack

Having purchased a package, you will receive a Welcome Pack including the following:

- Welcome introduction
  - A questionnaire. This helps the Design Fairy understand a little bit more about yourself.
- When putting together your package she will be able to consider your tastes, likes and dislikes and lifestyle to offer a truly personalised design.
- Instructions on drawing a plan (dependent on package). A basic plan and measurements of your room are required so that The Design Fairy can work within the parameters of your room.
- Design paper to assist drawing a plan (dependent on package)

## 3. Your Information

The Welcome Pack is designed to act as a brief for The Design Fairy. The questionnaire asks that you answer as many of the questions as possible to help the Design Fairy gain a better understanding of your requirements. The information required will vary dependent upon the chosen package.

Simple step-by-step instructions are included with every Welcome Pack; however, The Design Fairy will be on hand to answer any questions you may have.

## 5. Your Design

Having worked her magic, The Design Fairy will produce a personalised design presentation and pack. Depending on the package you have bought, the pack you receive will include the following:
